

Miguel Flores Franco

Fine Artist – Graphic designer – Web CSS/HTML

Updated at Thursday, June 10, 2010

Profile

I was born in Lima, Peru and I studied Design in the Instituto Metropolitano de Lima (1987) and I'm also graduated from the National School of Fine Arts of Peru (1993).

My professional experience begun in 1991 through a Graphical Design scholarship being student of the National School of Fine Arts. I won a Prize, the Silver medal and Honor Diploma in the "drawing" specialty. After a while I worked in a publicity and after some months I got a contract to work in the textile area, for then my labors was concentrated between the graphic and the textile area through six years. In 1988 I started the development of web contents -as free-lance- for Peruvian and foreign companies including 3 Swedish non-governmental organizations.

Since 2006 I have started a personal Project of hosting services and helpdesk which I still working on today, bringing to my customers an added value for my web design services.

My experience as teleworker it has allowed to develop my skills, to get a best attitude with the workgroups, making flexible my schedules and offering a benefit to my customers, also helped me to improve the handling of English and the Swedish.

Skills

- Experience in fine arts; graphic design, painting and drawing; layout typography, pre-press, digitalization and processes of impression in general as well.
- Web Design based on web standards, CSS/XHTML
- Experienced in Photoshop and Adobe family CS4, CS5
